ASSIGNMENT: The mission of the NYS Unified Court System is to deliver equal justice under the law and to achieve the just, fair and timely resolution of all matters that come before the courts. To promote civic education and readiness, we have developed an Internship Program for high school and undergraduate college students that enhances students' fundamental understanding of the court system and the role of courts in the function of government. Interns are provided the opportunity to integrate classroom education and theory with practical and relevant career experience. Interns will gain insight regarding the work of judges, attorneys, court clerks, court reporters, court officers, interpreters, and other professionals and receive hands-on experience in the work of the courts.

We are committed to providing an interactive program where participants are involved in various aspects of court operations and will develop a concrete understanding of the Judiciary, civil, family, and criminal justice systems, and the roles of professionals working in service of our mission. Participants will be exposed to court processes; educated on applicable laws, rules, and protocols; and informed about careers available within the Judiciary. Students will also acquire an understanding on ethical and professional practices and Code of Conduct for employees; receive hands-on experience under the supervision of experienced professionals; and gain civic knowledge to serve the public good as members of a culturally diverse, democratic society.

There are multiple opportunities available throughout the state. Interns will be assigned to a District Office (Albany, Schenectady, Syracuse, Binghamton, Rochester, Buffalo, White Plains, Mineola, and Central Islip), a NYC Chief Clerk's Office, or the Office of Court Administration (NYC or Albany). The Internship program will run from July 6, 2026 through August 12, 2026. Candidates should have an interest in working and learning about the justice system and/or legal profession. Students who are economically disadvantaged or come from under-served communities are encouraged to apply.
